Organisational Review – Tere Vaka (Organisational Psychologist)
Every 2 years Wynnum FDC engages Tere Vaka to conduct a full organisational review in order to assess the strengths and developmental opportunities of our service delivery. This is a completely independent process and culminates in a report being delivered which assists in setting the strategic plan for the next period.

Relief Care payment arrangements
Please negotiate the method of payment with your relief educator prior to the care being provided. As all educators have individual fee schedules and contracts, it is important to be aware of these before care commences.

Occupational Therapy Information Session - Thursday 24 April, 7pm Wynnum Manly Leagues Club
We would love to see a big crowd of educators and parents at the leagues club next Thursday to welcome Lindy Thompson to our team. Occupational therapy has a wide scope of benefits to children who may experience difficulties in play, infant development, attention, self-care, school and learning tasks. See you there!

Wynnum FDC in the news
As you may have seen, Wynnum FDC featured in a news report on Channel 7 last Monday the 7th of April. Thank you to those who took part.

NATIONAL FAMILY DAY CARE WEEK 4 - 10th May:
Themed ‘Every Child is a Star’, National Family Day Care Week will be celebrated in family day care services around the country. To celebrate and embody the star qualities of each and every child attending family day care, a star has been adopted through Perth Observatory’s Star Adoption Program. For more information click here.

Public Holidays and Absences
Please remember that absences need to be signed to ensure that CCB and CCR are paid. Also any public holiday absences will be included in your 42 initial absences for CCB purposes.

TV and violence
Children can be affected by TV differently than adults. Current recommendations for screen time are to limit time depending on children’s ages, and to be aware of violence, etc, that children may be exposed to. More information can be found here: http://raisingchildren.net.au/articles/tv_how_kids_view.html
